Who We Are

Israeli Flying Aid (IFA) is a non-profit organization (NGO) that delivers life-saving aid to communities affected by natural disasters and human conflict.

IFA operates in places where local regimes prevent entry from formal international humanitarian organizations and focuses on countries that lack diplomatic relations with Israel.

IFA team members represent the pulsating heart of Israel and believe in the sanctity of human life and dignity.

IFA transcends differences, prejudice, race, nationality, religion and creed.

Not Far From Here

Since April 20 11, the Assad regime has repeatedly committed atrocities and crimes against humanity, with active support of Iran and Hezbollah.

Schools, hospitals and homes were bombed daily. Chemical weapons, banned by international law, have been used on a regular basis against civilians: killing innocent women and children.

Systemic execution-style murders and mass rape were perpetrated by the regime, silencing dissenters through death and torture.

Impact 2011-2018

IFA has led an effort to raise, deliver, and distribute critical aid to Syrian IDPs via three different borders.

June 2016 – Israel Defense Forces approached IFA under full confidentiality in order to establish a collaboration leading a historic effort, providing direct humanitarian aid through the Israeli-Syrian Golan border.

- Dry meals - 3.2 million
- Baby formula - 25 tons
- Caring for Syrian orphans
- Medications - \$1.1 million
- Blankets and clothing - 95 tons
- Vital refugee supplies - 1,260 tons
- Medical equipment - over \$8 million worth
- Built and equipped a maternity hospital in Syria
- Training – medical, search & rescue, firefighting
- Trained and equipped medical personnel with 3D printers and supplies for prosthetic upper limbs

We Don't Stand Idly By – Join Our Effort

- Strengthen the unique trust gained by Israeli and Syrian civilians as part of this historic collaboration.
- Provide safe shelter for orphans, Syrian and Yazidi minor mothers, and their babies released from captivity.
- Pursue all possible channels in an effort to provide direct aid and help our Syrian neighbors at the Golan rebuild their homes and rehabilitate their communities, infrastructure, schools and agriculture.

"Nobody asks permission to kill,
We don't ask permission to save lives."
