“Healing the World”

Who We Are

Israeli Flying Aid (IFA) is a non-profit organization (NGO) that delivers life-saving aid to communities affected by natural disasters and human conflict.

IFA operates in places where local regimes prevent entry from formal international humanitarian organizations and focuses on countries that lack diplomatic relations with Israel.

IFA team members represent the pulsating heart of Israel and believe in the sanctity of human life and dignity.

IFA transcends differences, prejudice, race, nationality, religion and creed.

Inspiration

IFA team members represent the pulsating heart of Israel and believe in the sanctity of human life and dignity as reflected in the Jewish "Halacha" and in the Israeli Declaration of Independence.

"Devote yourself to justice, aid the wronged, uphold the rights of the orphan, defend the cause of the widow."

Isaiah, Chapter 1, 16-17

"The State of Israel will be based on freedom, justice and peace as envisaged by the prophets of Israel; it will insure complete equality of social and political rights to all its habitants irrespective of religion, race or sex; it will guarantee freedom of religion, conscience, language, education and culture."
